October 15, 2019

Dear Chippewa Valley Parents,

Recently we have experienced a small number of students involved in fights at Chippewa Valley High School. These students have faced serious consequences, including long-term suspension, expulsion, and police charges. This is very disheartening, as this has not been the culture of our school, and will not become the culture of our school.

Our immediate goal is to remind and educate our students and families that our school culture is one of family, community, and kindness. We would appreciate your help in doing this. Please reinforce with your child that fighting is never an acceptable way to resolve conflict. Adults at school are available to help all students resolve conflicts. Students should go to administrators, counselors, teachers, our intervention specialist, our student assistance specialist, our police resource officer, or any other staff member to ask for help or to report a problem. Students should not cheer on a fight, run to a fight, record a fight, or in any way encourage, promote, or normalize fighting. When our students record negative behavior and share those videos, they are promoting an inaccurate image of our school.

We need our students and community to commit to the positive culture that our school community expects and deserves. Chippewa Valley High School is a great place filled with great people. We need every one of you to do your part to ensure that it remains a great place. Any student failing to meet the above expectations faces possible school and police consequences.

Our school staff will be delivering this message to our students in the days ahead. We encourage all parents to reinforce this message at home. This is our school. Your help and support are greatly appreciated.

Sincerely,

Todd Distelrath
Principal
